

## The Wild Rose Adventure

The Wild Roses, a band of secret princesses with powers, were in the middle of a tough battle with their enemy the twins. Mark and Scarlet servants of Maxemis, an evil king trying to take over the world. Well, Scarlet got caught in one of their blasts. Mark disappeared. (they have the power to disappear) They took Scarlet to their house in a crystal ball. When she woke up she asked where she was.

“You know where you are Scarlet” they said.

“Who is Scarlet?” she asked

“Stop being funny.”

“What do you mean? Who is Scarlet? were am I ?!!!”

“Maybe when she got hit she forgot every thing” one of the princesses whispered. The princesses decided they would try to turn her good. They gave her normal clothes, (she was from a different planet) they explained to her that her name was Scarlet. She liked being good. But her brother got worried, when he saw what they were doing he was furious.

He grabbed his sister

“Who are you what do you want” she asked.

“I'm your brother,” he said “You know that come on lets go.”

“No, I don't know who you are” she said. All the sudden she remembered every thing. But like I said before she liked being good. She told her brother all the good times she had he decided that he would be good. So now they are both good.
